Length:	23 m 1 cm	Guest Cabins:		3
Condition:	Used	Guest Heads:		4

Description

! Amazing value for money!

Riva are blessed with one of the most iconic names in the yacht industry. The 75' Venere does not let that name down. This yacht combines great looks with the usability of a modern flybridge yacht.

The RIVA 75 VENERE balances sophistication and innovation, without sacrificing one for the other. The futuristic styling keynotes the interior, with its natural light from the wide windows, while chromatic values bring a fresh perspective everywhere you turn. Mere mortals can only savour her many celestial assets.

Sinuous, soft and beautiful, this model is a real Venus, and the sea's waves seem to have been created specially to lap on the sides of her hull. The Riva flybridge, yet another model designed by Mauro Micheli and Officina Italiana Design, is the confirmation of the style and elegance typical of Riva yachts.

An example of high-quality craftsmanship, the RIVA 75 VENERE features a range of innovative solutions, from the vast windows in the cabins on the lower deck, to the stern that opens out onto a spacious swimming platform, ideal for free time and practicing water sports.

Information & Features

MTU 10V 2000 M93 (Engine 1)

MTU 10V 2000 M93 (Engine 2)
